

# *Traditions of our school*

*Presented by: Hristiyana Todorova*

## The beginning of everything

### School chronology:

- *Established* - 15<sup>th</sup> September, 1937
- *Advancement* – 1<sup>st</sup> October, 1972 – the school has been transformed into Public High School
- *Conversion* - In 1990/1991 the school's name has been changed to Secondary School of Management and Foreign Languages "Vasil Kunchov"
- *Back to our first tradition* – In 2009/2010 (after 37 years) primary education has been restored and the school opens doors for one class of pupils.

## Patron saint's day of the school

Celebrating on 5<sup>th</sup> December

*Back in 2017, our school celebrated 80 years since its founding. Our celebration is always accompanied by a festive program and the act of laying a wreath at the school monument.*

## COMPETITONS:

Our students participate in annual diversity competitions: Mathematics without borders, 1000 reasons to be proud that you're Bulgarian etc. We've won many awards in every possible category.

## *Traditions and customs*

### CHRISTMAS/EASTER MARKET:

Handmade postcards, ornamental snowmen, toys for the Christmas tree are among the products that are being sold in order to raise funds.

### DONATIONS:

Every year a bunch of students take part in citizen activities such as helping elderly people; giving away clothes and food to orphans.

## *From another point of view*

My sister is a former graduate of the Secondary school. She has proved many times that being consistent and passionate about the things you love pays off. Maria has won several competitions, but she admits that her favourite discipline was History: “History was my most precious subject back in junior high school and I think it will always remain a part of me”. At present, my sister is studying to become a dentist. She still has a long way to go, but I believe in her and that she will succeed, because she is ambitious.

*Thank you for your attention!*
